By mail for 25 cents in stamps. Trial package free. Address Allen S. Olmsted, Le Roy, N. Y.

BARNET. Former Barner Physician Dead.

Dr. Frank H. Cilley, for several years a physician in this place, died at the Mary Fletcher hospital, Burlington, Oct. 1, after an illness of long duration, his trouble dating back eight years when he was thrown violently from a moving train which he attempted to board. Since that pursuit of his profession. About two years ago a disease of the heart commenced upon him and last April he was obliged to enter the hospital. He returned to his home in the summer, but about six weeks ago was obliged to reenter the hospital and since then failed gradually until the end came.

Frank Hayes Cilley was born in Underhill, Jan. 31, 1847, the son of the late Walter and Caroline Cilley. Hisyounger days were spent in his native town and he was graduated from the medical de partment of the University of Vermont in 1874. He immediately commenced the practice of medicine in Barnet, and remained here seven years. He subsequent's settled in Jericho, practicing with marked success in that place for thirteen years, until he met with the train accident previously mentioned. He then moved to Burlington in hopes to derive benefit from hospital treatment. Dr. Cilley leaves as near relatives a wife and one daughter. Mrs Jessie Cilley White. The funeral was held Thursday morning, Oct. 3 at his home in Burlington, Rev. S. L. Bates officiating. The body was taken to Jerieho for burial,

Mrs. J. S. Kenerson was called to Cambridge, Mass., by the death of her brother's wife, Mrs. Lee Pierceson,

Roscoe Renfrew, who has been clerking for Burbank & Robie for the past year, has closed his connection with them and left town Saturday.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it local disease, and prescribed local remedies, and by constantly failing to core with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market, It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., To-

ledo, O. Sold by all druggists, 75c.

Hall's Family Pills are the best.

WEST BARNET.

HARDWICK. Hardwick's Debt.

Hardwick village owes a considerable oonded indebtedness for its electric light and water plants. The electric plant is constantly being extended; it takes capital to do this, and the only capital at the command of the commissioners is the income derived from it. As the plant time he had not engaged actively in the stands today it carns a handsome income above operating expenses. The water system pays a handsome profit. Do not think that you will have to reach down into your pocket and pay taxes to take up these bonds. for you never will; do not let the debt scare you. It certainly will take care of itself. Either or both of these plants could be sold today to private companies for more than enough to retire every cent of indebtedness the village has contracted in constructing and maintaing them. And the companieswould make money from them too. When anybody puts up a "holler" about this big debt suggest these facts to them -they are facts -[The Gazette.

Dean Dodge of Cabot has secured a position in McLoud's store and will commence work there soon. Tom Osgood who has been working there for the past year, goes to Claremont to accept a position in his brother's store.

Mrs. Judevine has gone to Kellogg's Landing La., for a visit.

The Royal Month and the Royal Disease. Sudden changes of weather are especialy trying, and probably to none more so han to the scrofulous and consumptive. The progress of scrofula during a normal October is commonly great. We never think of scrofula-its bunches, cutaneous eruptions, and wasting of the bodily substance-without thinking of the great good many sufferers from it derived from Hood's Sarsaparilla, whose radical and permanent cures of this one disease are enough to make it the most famous medcine in the world. There is probably not a city or town where Hood's Sarsaparilla has not proved its merit in more homes than one, in arresting and completely eradicating scrofula, which is almost as serious and as much to be feared as its near relative, -consumption.

CABOT

An Interesting Newspaper. Your correspondent has a copy of the CALEDONIAN published 50 years ago next Friday, the date being Oct. 11, 1851. Its editor then was the late A. G. Chadwick and the paper contains many interesting articles. The first page contains a story written for that issue by "Flora," the death of Gen. Braddock, which clearly shows he was shot by one of his own men; an extract from Senator Douglas' speech at the New York state fair, pleading for the preservation of the American forests. On the same page is a whig editorial and a call for a whig state convention. The advertisers are George C. Barney, Emerson Hall, D. Boynton, E. Jewett & Co., and others who were the sturdy business men of the place a half a century ago. It is an interesting issue of a paper, which, we are pleased to say, has lost nothing in the past 50 years of its reputation for honesty and giving the public prompt news and good reading.

Death of Mrs. Nancy S. Brown. Mrs. Nancy Sias, widow of the late John Brown, died at her home in this town Oct. 5, aged 81 years. She was born in Danville, where her early life was spent. Here she took an academical course and fitted herself for a teacher, a vocation she successfully followed until her marriage in 1846. She then came to Cabot where she has since made her nome. One needed but a slight acquaintance with her to feel the truth of the inspired description of a praiseworthy woman, "She openeth her mouth with wisdom; and in her tongue is the law of kindness." She had been a consistent member of the Congregational church for a number of years and a constant attendant upon church services until her decline in health prevented. The influence of such a noble woman will be lasting and her memory treasured by a large number of friends. She is survived by one daughter, Mrs. William Fletcher of Los Angeles, Cal. The funeral services were held on Monday, conducted by her pastor, Rev. D. L. Hillard, and the burial was in the family lot at the village ceme-

ton are at present the guests of Mrs. Perry Porter. Harley Bishop moves this week into the tenement vacated by G. D. Silver.

Blodgett and Dearborn wish to call the attention of the ladies to their millinery display on Friday and Saturday. Mrs. E. E. Dickerman and daughter are visiting in Littleton.

Good Health

Is doubtless the highest human good. It is especially so to women, to whom it means the preservation of beauty, happiness in the home, and the enjoyment

of social duties. There can be no good health for any woman who suffers from womanly diseases. Her complexion fails. Her flesh loses its firmness. Her eyes are dull. She has no home happiness, no social

enjoyment. Doctor Pierce's Favorite Prescription cures the diseases which destroy the health. It establishes regularity, dries disagreeable drains.

heals inflammation and ulceration, and cures female weakness. It gives good health to women, which means tranquil nerves, a good appetite and sound sleep.

good appetite and sound sleep.

"I was a great sufferer two years ago with female trouble and I wrote to you for advice," says Mrs. Mattle Hays, of Tribulation, McDonald Co., Missouri. "You outlined a course of treatment for me. I followed your directions, and now feel like a different person. I never expected to hear from you when I wrote to you. In three days after I commenced taking your medicines I began to feel better. I took twenty dollars' worth of the 'Favorite Prescription' and 'Golden Medical Discovery.' I bought it five dollars' worth at a time, and also four vials of Dr. Pierce's Pellets. I would not take one thousand dollars for the good the medicine has done me. I can't praise it enough. I wish all who suffer with such troubles would give Dr. Pierce's medicines a fair trial. I can work all day—doing anything, walk where I please, and feel good. Many thanks to you for your kind advice."

. Dr. Pierce's Medical Adviser, in paper covers, is sent free on receipt of 21 onecent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.
